

## Cutbacks coming for school district

by Roger S. Lucas

Several positions and some programs will be cut back as officials of the Grand Coulee Dam School District try to erase a potential \$745,000 budget deficit they are facing for the 2017-18 school year.

Superintendent Paul Turner shared his concerns over the potential deficit with members of the school board Monday night.

Cuts include one assistant principal, the high school registrar position, one librarian, an alternative school teacher and a paraprofessional from that program, a change in the way the athletic director position was handled, another paraprofessional position not specified, and other general program changes.

Turner said Tuesday that the cuts outlined before the board

will probably be in his final list of budget cuts for the new year.

Turner has said previously that some cuts would be needed in the coming year. The state Legislature failed to agree on a budget before the end of its regular session this month, making a special session necessary in a year when education funding is especially uncertain. Legislators are wrestling with a Supreme Court mandate to fully fund education but can't agree politically on the solution.

"We are already seeing news reports that school districts are feeling the effect of this delay," Governor Jay Inslee, a Democrat, said in a fundraising email Tuesday, blaming Republicans.

Turner was not specific on which of the two vice principals would be cut, nor was he specific on which of the two librarians

See CUTS page 2

## New district for street repair still considered

### Adding to sales tax an option

by Roger S. Lucas

The idea of creating a "Transportation Benefit District" in Grand Coulee is still alive, but not certain.

Cities form TBDs usually add a license plate tab charge to those within their jurisdiction to develop special monies for roads.

Electric City and Elmer City both have TBDs, and Coulee Dam's council has discussed it but has not moved forward with the formation.

Grand Coulee's council is discussing forming such a district, but is lukewarm on the license tab fee.

If previous discussions are a clue, Grand Coulee is more in-

terested in the sales tax side of a TBD.

The members of the city council don't seem to be interested in the assessment of the license fee, but more interested in a possible sales tax increase of up to one tenth of one percent. The discussions have centered on taxing those who come into the city and travel on its streets and roads, but don't pay toward repairs.

Using the sales tax provision to fund a TBD, visitors and local people alike would pay the fee, which would be used to keep local streets in repair.

Electric City, using the license tab fee in its TBD, takes in about \$10,000 a year, and the city has about \$25,000 in this fund.

Elmer City's TBD, not yet a year old, has returned about \$2,500 in license fees to the town.

## Newsbriefs

### Pay increase OK'd

Grand Coulee's council approved a 2-percent wage increase for all employees at its last council meeting. The increase is for both administration and staff.

### CMC considering assisted living

Coulee Medical Center is about to hire a consultant that has helped build assisted-living facilities to look into the feasibility of such a venture locally.

CEO Jonathan Owens told the hospital board Monday night that other individuals were also considering the idea locally, and he would ask the consultant to explore a possible collaboration.

Owens also reported that he had met with Grant County commissioners to show them the hospitals plan for a financial turnaround and to pay off county warrants.

CMC owed about \$2.2 million to the county treasury at the end of

March and expects to knock that down to \$1.3 million by June as cost sharing payments from Medicare come in.

### Resignations accepted

The school board accepted two resignations at its Monday meeting. Nancy Johnson resigned from her position at Lake Roosevelt Junior and Senior High School as registrar. And Gary Darnold resigned his position as cross country coach after 40 years.

In his letter, Darnold stated that many of the athletes he has coached were role models for his own children and that he has enjoyed seeing them grow up and have children of their own.

### Student counts up

Grand Coulee Dam School District student attendance for the month of April was an average of 716 full time equivalent students. The district had budgeted for 690 students.

Nespelem Elementary School also reported higher student numbers. The district had budgeted for 110 students. Monday night, that school board learned the district was serving 130 FTEs at the end of March.

A landslide that started five weeks ago became the terminus of a high-speed chase Saturday morning that ended where the sliding hillside completely blocks Peter Dan Road, just north of Elmer City. Several police vehicles are seen on the road, where a tactical response team was helping local police search for fleeing suspects. — Jacob Wagner photo

## High-speed chase ends at landslide on Peter Dan Road

by Jacob Wagner

A high-speed chase Saturday ended on Peter Dan Road when two vehicles, a police car and the pursued truck, both crashed into the landslide that spans the road. The two suspects then took off on foot, one of whom was later jailed.

The chase started around 7:25 a.m. when officer Dan Holland of Grand Coulee Police responded to a report of a disturbance with a knife at the Hill Street Apartments.

While en route, the officer heard that the subjects had left in a silver truck. Seeing the truck, the officer noted that it picked up speed in excess of 60 miles per hour, turning onto Young, to Main, to Federal, and then North on Highway 155.

A witness in Coulee Dam told The Star that a car speeding down the hill at Grand Coulee

Dam had hit the bottom of the hill so hard that it "bottomed out and kept flying," followed by two local police units and a sheriff's car.

The officer pursued him with lights and siren on at speeds ranging from 60-100 miles per hour through Coulee Dam, over the bridge, and past Elmer City, before turning east onto Peter Dan Road, past the road-closed barricades.

About a quarter of a mile up Peter Dan Road, the pursued truck, as well as the police car, struck the dirt landslide that spans the entire road.

The officer's report states that the rising sun was blinding, and that there was a large cloud of dirt obstructing his vision. Estimated damage to the truck is \$8,000 dollars, and estimated damage to the police vehicle is \$3,000.

One subject, Michael Desautel, 31, was

caught and taken to Grant County jail.

Wearing a blue shirt, Desautel ran down the gully below the road. The other suspect, wearing a grey sweatshirt, climbed the hillside above the road. Holland drew his gun and ordered the suspect in the grey sweatshirt to stop, but the suspect continued to run and disappeared out of the officer's sight.

When backup arrived, officers secured the vehicle, ensuring no one else was inside.

The Moses Lake Tactical Response Team, which happened to be in Grand Coulee for training, arrived on the scene and assisted in searching the area with drones, dogs, and open-area searches.

Sgt. Gary Moore found Desautel after a local resident said she had seen someone on her property matching his description. Moore found Desautel about a mile away and, after a

## Intercity ATV route would require highway slowdown

by Roger S. Lucas

Things are getting serious about allowing ATV travel in city streets in Grand Coulee.

And a new twist was added at Grand Coulee's council meeting a week ago.

An idea surfaced to allow all-terrain vehicles to travel between

Grand Coulee and Electric City.

Part of the idea would be to slow traffic from 45 mph down to 35 mph, the speed that ATVs can travel.

It all started several weeks ago when Grand Coulee resident Bill Moore attended the council meeting and brought up the idea of ATV travel in the city. Moore

and several others appeared at the most recent council session to push the idea along.

This time it took a different twist.

Grand Coulee is looking at taking Electric City's ATV ordinance and using it as a pattern.

Electric City's ATV ordinance has been in existence for over a

year with no known bad results, but it doesn't allow for travel on the highway. ATVs can travel on Electric City streets under certain conditions, though you seldom see one.

It would take the Department of Transportation and the city of Electric City, to agree before that change could be made, but get-

See ATVs page 2

## Earth Day celebration a success

by Jacob Wagner

The Colville Confederated Tribes held their eighth annual Earth Day celebration on Friday at the Nespelem Pow Wow grounds. Those attending learned about the environment and what we can do to help it.

Many people of all ages attended on the sunny day and enjoyed the roughly 40 booths, free stuff, large amount of raffle prizes, free hot dogs, dancing, drumming, and more.

There were many interactive and educational booths at the event which taught people about recycling, fire safety, clean energy, pollution, traditional and native plants, invasive plants and species, and more.

"The message was well received," said Joaquin Bustamante, Recycling Manager for the Recycling Program, who helped organize the event. "Everybody has really understood that we have to recycle."

Children planted flowers in Dixie cups, made peanut-butter pinecone birdfeeders, and played with rocks and sand in a tray with water pumping through it to un-

See EARTH DAY page 2

Kids watch, feel and listen for the expected whoosh of an object being moved by vacuum power through a tube Friday at the Nespelem pow wow ground in a demonstration of a proposed solution to getting salmon over dams. Dozens of exhibits offered education and goodies at the Colville Tribes annual Earth Day event.

Alex Dombroski, of Duvall, Washington, holds the 12.55-pound walleye caught Saturday during the Grand Coulee Dam Area Chamber of Commerce's Triple Fish Challenge tournament on Banks Lake. He won the prize for the largest walleye caught on day one, and for the entire weekend. Some 46 anglers took part in the tournament. — Chamber of Commerce photo

## Triple Fish Challenge has plenty of firsts

There were plenty of highlights and firsts in the Grand Coulee Dam Area Chamber of Commerce Triple Fish Challenge last weekend.

The fishing tournament attracted a record number of boats and participants to the fifth annual two-day event held on Banks Lake, starting and ending at Coulee Playland.

Chamber Executive Director Peggy Nevsimal said 18 boats with 46 participants entered the Triple Fish event, with a record number of young anglers (14).

Topping off the big fish that "didn't" get away was a 12.55-pound walleye caught by Alex Dombroski, of Duvall, Washington.

On Saturday, adult category winners were: for smallmouth bass, 5.08 pounds, William Moffett, Tacoma; for walleye, 12.55 pounds, Dombroski, Duvall; trout, 4.57 pounds, Robert Arrants, Spokane.

Saturday youth winners were: for smallmouth bass, 4.25 pounds, Lucas Thompson, Coeur d'Alene, Idaho; trout, 1.37 pounds, Isaac Whitaker, Hartline.

On Sunday, adult, big string, Jim Stanley, Creston, 7.47 pounds; smallmouth bass, 4.79 pounds, Corey Yiap, Seatac; walleye, 2.62 pounds, William Moffett,

Tacoma; and trout, 3.41 pounds, Rod Boutain, Grand Coulee.

Sunday, youth, big string, Anthony Alvarez, Moses Lake, 7.71 pounds; smallmouth bass, 4.29 pounds, Lucas Thompson, Coeur d'Alene; walleye, 4.34 pounds, Anthony Alvarez, Moses Lake; and trout, 3.45 pounds, Isaac Whitaker, Moses Lake.

Nobody won the boat and motor, but Nevsimal said it was the most successful Triple Fish tournament the chamber has sponsored to date.

## ATVs Continued from front page

ting others to agree to trimming the speed limit from 45 to 35 mph along the stretch from Coulee Playland to the Four Corners intersection with Highway 174 might be another matter.

The change from 45 mph to 35 mph is something motorists could well have something to say about. Motorists already complain about cutting their speed from 45 to 30 mph on the three-lane highway from Federal Avenue to the Bureau of Reclamation headquarters.

The Bureau of Reclamation has stated that change was due

to the new fire station being built at the end of B Street.

Grand Coulee Mayor Paul Townsend said that he had questioned the DOT about changing the speed limit from Four Corners to Electric City, and his impression was that it wouldn't be a problem.

ATVs would have to be street ready, with lights, signals and license, in order to travel on Grand Coulee streets.

Grand Coulee Police Chief John Tufts said this week that he didn't see any problem with the change in speed.

## Chase Continued from front page

struggle, detained him, Moore reported. Desautel was also found to be wanted on a Grant County misdemeanor warrant for failure to appear in court.

Desautel was taken to Grant County Jail, booked on charges of attempting to elude a police vehicle, two counts of malicious mischief, obstruction of a law enforcement officer, resisting arrest, and driving with a suspended li-

cense. Residents of the apartment where the knife incident had been reported told police later that there had been no incident, and that no one was hurt.

The Moses Lake Tactical Response Team searched both sides of the road but did not find the second suspect.

## Earth Day Continued from front page

derstand waterflow and build their own dams. They cranked a handle which showed the resistance of clean energy versus non-renewable energy.

A "Swoosh Machine," set up by the Fish & Wildlife department, demonstrated how fish could be vacuumed past dams, as opposed to building fish ladder systems. The demonstrators placed foam balls into a vacuum tube that quickly transported the balls roughly 50 feet to the other side of the device.

Many prizes were given away at the event in a raffle drawing, including a Traeger grill valued at \$800 donated by Coulee Hardware, which went to Scott Conant, and a recliner chair from Loepp Furniture, which went to Maurice Circle.

An estimated 1,500 people at-

tended the event, including more than 500 students from Lake Roosevelt, Omak, Pascal Sherman, Keller, and Nespelem schools. "There were definitely more people than last year," Bustamante said. "We even ran out of food and sodas."

Keller Elementary school won a winner-takes-all penny drive event, in which students collect change, and won over \$1,000, beating out Inchelium, Pascal Sherman, Nespelem, and Lake Roosevelt schools.

The event was held using donations from around 40 different companies near and far, small and large, and was organized by the Colville Tribal Recycling Program, Environmental Trust Department, and Colville Indian Housing. "Kathy Moses and Shelly Clark did an awesome job," said Bustamante. "It was a huge, huge success."

## Update on the truck/ baseball field incident

The driver of a pickup that crashed through a fence and damaged the high school baseball field last week was in the throws of a serious heart problem, the Star learned later.

Driver Phil Grunlose, 82, told an officer who pulled him over that he thought he was having a heart attack.

Grunlose's surgically implanted defibrillator was shocking him throughout the incident, according to the police report, which caused Grunlose to jerk the wheel to the right and drive through the

fence as he was driving through the parking lot.

While the policeman spoke to Grunlose, his defibrillator continued to shock him, and the officer called for an ambulance, which took Grunlose to Coulee Medical Center.

Grunlose's wife called The Star on Thursday to object to the use of the word "vandalism" in the deadline report printed last week and said he was still in the hospital at that time. He no longer was at press time Tuesday.

## Save the Date: Health Week!

We're again offering our special **Health Screening Testing**

- Twice Yearly:
- 3rd week of May and
- 3rd week of October

At Coulee Medical Center

## Cuts Continued from front page

would be cut.

Other cuts include bringing the alternative learning program back into Lake Roosevelt High School, both for fulltime and part-time students.

Turner refused to answer a question from the board on which vice principal would be cut.

In other cuts or changes, he said that any capital projects would be eliminated and there would be a number of contractual services eliminated.

Turner stated that he would have a more complete report on cuts needed to get the school district's budget for next year in line with expected revenues.

The superintendent told the board that in most cases he had had a one-on-one meeting with those who would be directly affected.

# OPINION

## Off by one word

An article in last week's Star, written on an event that occurred at deadline, accurately reported the event on which we had limited information available — except for one word.

"Vandalism" was the wrong choice in the headline of "Daylight vandalism" over the photo caption that relayed our reporter's eyewitness account of a pickup truck crashing through the fence at the Lake Roosevelt High School athletic field, then spinning in circles, throwing up turf and damaging the grounds before taking off up the road and getting stopped by a police officer.

"Damage" would have been a more accurate choice, because as it turns out, the intention that "vandalism" implies was wrong, based on a faulty assumption. The driver was experiencing severe heart problems, we could only learn later.

When they go off during a heart attack, surgically implanted defibrillators deliver a huge jolt, not a mild shock. The jolt can cause severe spasms, severe enough to cause a complete lack of control, whether while driving or even just sitting.

It's a lucky thing that the driver suffering the problem turned the vehicle back out onto the roadway, rather than accidentally continuing up the field, where children were playing, or veering off into the parking lot, where people were enjoying a tailgate barbecue while watching a tennis match that pleasant Tuesday evening.

The reporter, who did not write the headline, came back to the newspaper after having been at the tennis match, with photos and what information was known at the time. Police reports can take days to obtain, and we had no way of knowing that there was a medical problem involved, or even who had been driving.

Nevertheless, using a word that implied motive before we actually knew it was the wrong choice. We changed it in the online edition after the driver's wife called to inform us of the problem a day after the print edition had come out.

## It's time for Washingtonians to take a test drive

### Project on 'pay-by-mile' approach to fund transportation infrastructure seeks volunteers

Washington, along with every state in the nation, utilizes a gas tax to provide a major source of funding for roads and bridges. It has been a reliable workhorse for decades, but its future sustainability is uncertain as vehicles become more fuel-efficient and alternative fuel sources emerge.

We all want to lower our costs of owning a car and many of us want to leave less of a mark on the environment. As gas consumption goes down — for all the right reasons — gas tax revenues also go down, which leads to less available funding to build and maintain critical transportation infrastructure.

Washington's gas tax was increased in 2016 to the current 49.4 cents per gallon to provide a much-needed infusion of funding to build many transportation projects across the state over the next 16 years. However, forecasts suggest that over the next 20 years, the average miles per gallon (mpg) of vehicles in the state will climb from the current 20.5 mpg to 35 mpg. This equates to a 45 percent reduction in our state's gas tax revenues per mile driven — a clear indication that we need to identify a new, viable funding source to ensure meeting our future transportation needs.

For these reasons our state, with several others across the country, is anticipating the potential for reduced gas tax revenue and assessing possible solutions to replace the gas tax in the future. One promising approach we've been exploring is a road usage charge, which would charge drivers by the mile rather than by the gallon of gas. This approach would be similar to the way people pay for other public services like electricity, water and natural gas. Under a road usage charge system it won't matter what your car's mpg is or what fuel you use to power it because all cars would pay the same per-mile rate for using the roads.

After over five years of study, we are ready for Washington drivers to put road-usage charging to the test. We want drivers to experience it firsthand and give us feedback on what works and what doesn't. We need people from all over the state to participate in the year-long pilot project, beginning in early 2018, to ensure a broad spectrum of perspectives goes into shaping the outcome. We need drivers from urban areas and rural areas, with different income levels, and varying car types from old to new, from gas to electric. Drivers must be part of the solution and help identify a potential replacement for the gas tax — and the pilot project is all about making that happen.

While a road usage charge holds a lot of promise for the future funding of transportation, it can certainly evoke concerns and confusion as it proposes a fundamental shift in how we pay for roads and bridges. Let's look at some of the myths and facts around road usage charging.

**MYTH 1:** A road usage charge must utilize GPS technology to work and will monitor individual driving habits and location.

**FACT:** Road usage charges can be collected without the use of any technology, including location-based technology (GPS). Our state will test four different options in the pilot project, two of which will be no-tech and two high-tech; drivers get to pick one they want to test.

One of the no-tech options is an odometer-read approach where drivers report their total miles driven to the Department of Licensing as part of the vehicle registration renewal process. Road charges would be calculated by multiplying the per-mile rate by the total miles traveled.

Another no-tech approach is a mileage permit where drivers pre-pay for a block of miles, similar to how pre-paid cell phones work. With this permit, drivers are good to go until they run out of miles and need to replenish their permit.

The two high-tech options to be tested utilize technology to increase consumer convenience. One is a mileage meter that utilizes GPS to determine if you are in state or on a public road. If you are on a private road or out of state, road charges will not be assessed. There is another version of the mileage meter that will not have GPS capabilities, but will act as an odometer and submit your total miles driven to the state electronically, rather than requiring drivers to go to the Department of Licensing to

manually report them.

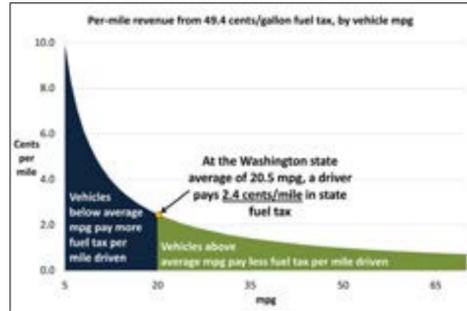

The other high-tech option is an application that would allow drivers to report their miles utilizing their smart phone. This will face challenges, but is an approach many states are considering given the widespread usage of smart phones.

**MYTH 2:** A road usage charge will unfairly impact rural residents and drivers who must drive long distances to get to essential services or work.

**FACT:** The gas tax and road usage charging carry the same effect as far as distance goes — the farther you drive the more you pay under either approach. In fact we are already paying by the mile today under the gas tax — we just don't think of it this way.

Because the gas tax is consumption-based, your car's mpg determines your per mile cost. As shown in the chart below, if you drive a car that gets the state's average 20 mpg, you are currently paying the equivalent of 2.4 cents per mile in gas tax today. Cars that get less than 20 mpg could be paying as much as five times more per mile, than cars that get over 20 mpg. Essentially, less fuel-efficient cars

are subsidizing the roads for the more fuel-efficient cars that pay little to nothing in gas tax. This fact demonstrates just how inequitable the gas tax really is.

**MYTH 3:** A road usage charge will cost drivers more money and generally be unfair compared to the current gas tax.

**FACT:** If fairness is measured by the cost to drivers, the cost of a road usage charge will be determined by your car's mpg. A road usage charge ensures everyone pays their fair share for the use of the roads, regardless of their car type, mpg or fuel source. As shown in the chart below, a pickup truck that gets 15 mpg will pay the same road usage charge on a per mile basis, as a Toyota Prius that gets 45 mpg. While this may seem unfair to those who drive more fuel-efficient cars, the fact is those drivers will still enjoy a significant fuel cost savings at the pump, given they fill up much less often than drivers of less-fuel efficient cars.

This is a lot of information to digest and contemplate considering it really reshapes how we fund critical infrastructure and road maintenance. It is essential that Washingtonians be part of helping us find the right solution.

The road usage charge pilot project is a test, not necessarily the answer. Your participation in the pilot will help us determine whether a road usage charge is worth carrying forward. Your input and guidance before, during and after the pilot project will directly impact the policies that emerge and the direction our state takes in addressing our growing transportation challenges. Your participation is key, so be a part of the solution and sign up for the test drive. There is no cost to participate. All we ask is that you share your experience and offer your input.

To learn more about the pilot project and sign up, please visit [www.waroadusagecharge.org](http://www.waroadusagecharge.org). Reema Griffith is executive director of the Washington State Transportation Commission. Reach her at: [Griffin@wstc.wa.gov](mailto:Griffin@wstc.wa.gov)

## A few things on my mind this week

First off, a lady very instrumental to my faith passed away last week. Pat Piccolo, whom I consider one of the kindest ladies I have ever had the privilege of being around, was not only instrumental in a lot of people's lives, but was there when I first gave my life to the Lord. I was working for her husband, Vic, and on many occasions we would return home to her having a warm meal waiting for us. Homemade spaghetti, made with elk burger, will forever be engrained on my taste palate. Along with a huge heart, compassion for those struggling and a stern way that was mixed with love and humor, I will always remember her kind words and encouragement, even in the most difficult of circumstances. Someday I hope to have the commitment, strength and outpouring of love that she showed us all every day.

OK, is it just me, or have car chases taken on a new life in the Coulee? It might be that social media just gets it out more than it used to and we see it as it unfolds. One officer thought it would be a good idea to remind us all that in a situation like this, it is best that the average citizen stay far away from the happenings of local law enforcement. Don't follow the chase, don't try and get ahead of the chase, and please do not help apprehend a possible criminal. They appreciate tips, but trying to give hands-on help is more dangerous for the citizen. We also must

be diligent as a community. Lock doors, no keys left out, and report suspicious activity. But above all, stay safe.

Kudos to the man who turned in the money found at the gas pumps. In a community that seems swallowed up by criminal acts and unsavory individuals, it is great to hear that an average citizen did the right thing and turned in a wad of cash to the authorities. How easily the money could have just disappeared. Instead, this local hero turned in the money and it was returned to the person who had lost it. Good job.

Gum. I was recently walking between the old high school and the new, where I counted more than a hundred dried up remnants of chewing gum. Squished, dried and flat. So I went on a journey of old gum. The sidewalks in front of just about every business in town had dead gum on them. Sometimes just outside of a trash can. A new global epidemic has developed. We can no longer see trash cans. We need to put big flashing, neon signs up showing us their locations. Or we must install bright orange safety signs above every receptacle, allowing us to see where the gum depositories are to be found. Or we could just stop throwing our gum wherever, not caring about the fellow citizen that might step in it, the animal that might eat it, or the environment that is already battling a pollution-filled world. We can fix this one.

Jess,  
shut up!

## Obituaries

### Neoma Joyce Iannetta

Neoma Joyce Iannetta, 74, passed away Tuesday morning, April 18, 2017 in Grand Coulee, Washington. Neoma was born Sunday, December 27, 1942, in Eugene, Oregon.

At Neoma's request, cremation has taken place with no services

scheduled.

A complete obituary will be in next week's Star.

Please sign Neoma's online guest book at [www.stratefuneralhome.com](http://www.stratefuneralhome.com). Strate Funeral Home of Grand Coulee, Washington, is honored to be serving her family.

### Elten Henry Klein

Elten Henry Klein, 92, of Almira, Washington, passed away Thursday, December 8, 2016. A Celebration of his life will be held Saturday, April 29, 2017, at the Almira Community Center from 11 a.m. to 3 p.m. The family asks you to bring memories or pictures to share during the barbeque. Please express your thoughts and memories online at [www.nicolesfuneralhome.com](http://www.nicolesfuneralhome.com).

### Patricia 'Patsy' Mae Pace (Dickerson)

Patricia 'Patsy' Mae Pace (Dickerson), 79, softly departed on Monday, April 17, 2017, at her Helena, Montana home in the comfort of her son Gregory. Caring for her the weeks up to her passing was her daughter-in-law, Kathleen, and granddaughters: Miranda and Rachel. When Miranda was little she started calling her grandmother Mocha. We have no idea where the nickname came from, but she was always Mocha to her Montana family.

Patsy was born July 15, 1937, in Polson, Montana, to Dorothy and Frank Wilkinson, who divorced when she was very young. She lived with her grandmother, Mary Johnson, until her mother married William Arthur 'Si' Dickerson and they made their home in Seattle, Washington.

The Dickerson family soon relocated to Coulee Dam, Washington, when Si took a job with the Bureau of Reclamation to help build Grand Coulee Dam. Patsy attended junior high and high school in Coulee Dam and graduated in 1955. Her father, Si, was Mayor of Coulee Dam for 10 years. After attending college in Missoula, Montana, Patsy then made her way back to Seattle and attended dental hygienist school.

In 1961, Patsy had car troubles one evening and met a local mechanic at the nearby Phillips 66 by the name of Leonard A. Pace. Patsy and Leonard were married later that year on December 25. They soon became parents to their only child, Greg, in October of 1962. They were married until Leonard's death in 1990. Although they did not have any other children of their own, they opened their home to other family members.

For 23 years Patsy worked at Children's Orthopedic in Seattle as an aide. While working full time, she went back to school and became a Registered Nurse in 1979. She was proud of working the dreaded night shift until she retired in 2002 at the age of 65. Patsy then took care of her mom, Dorothy. After her mom passed away, she went back to work part-time for a nursing agency until December 2012.

In July 2013, Patsy moved to Helena, to be close to her son. She lived at East Park Villas on Broadway until her death. Patsy made friends with many of her neighbors and enjoyed pinochle night on Fridays, Saturday coffee time and hosted Sunday movies in the common room with help from her youngest granddaughter, Rachel. She also became an active member of the Montana Association for the Blind.

Patsy became ill in 2016 and began kidney dialysis. She struggled with the treatment and, by the end of February, she decided to discontinue dialysis. In late March she began hospice care but was able to remain in her home thanks to hospice and her family. Her granddaughters, Miranda and Rachel, were there to help every day. They loved their Mocha!

In addition to her son and his family, Patsy is survived by many family members that loved her deeply, including her cousin/sister/best friend, Kay Chavez of Marysville, Washington. Other close family members include:

Mike Smith, Mark and Debbie Smith, Kim Smith, Tony Bunyan, and Shauna Bunyan, along with their children that came from Washington state to visit the last few weeks of her life. She is also survived by her cousins: Leroy and Charlotte Lau, of Lakeside, Montana, and from Yakima, Washington, Russell Gardipe, and Kathy Bertrum.

The family wishes to send special thanks to Dr. LaClair and his staff, the dialysis unit at St. Pete's, Hospice of St. Pete's, as well as Karen and Jon of East Park Villas for taking such great care of Patsy. We are especially grateful to Greg's employer, The Montana Radio Company. Greg's radio family made sure he

was able to spend all the time he needed with his mom and we cannot thank them enough.

There is no formal service at this time. Patsy's last wish was to be buried in Coulee Dam with her husband's ashes and next to her parents, Dorothy and Si. The family will meet in Coulee Dam the weekend of July 15, which was to be her 80th birthday, to say their final goodbye. Patsy's family hosted a social gathering and coffee at East Park Villas, where she lived in Helena, to say thanks to her friends and neighbors.

## It's show time

The Missoula Children's Theatre, along with 50 local actors and actresses, will be performing in a production of Treasure Island. Performances will be held at 2 and 6 p.m. this Saturday, at the Village Cinema in Coulee Dam. This project is made possible by the GCD PTA. Pre-sale tickets are available now through Friday from 3 - 6:16 p.m., at the Village Cinema. Pick your seat for \$15 adults, \$12 senior citizens (55+) and students. Tickets will be available at the door the day of the show for \$10 adults, \$7 senior citizens (55+) and students. Concessions will be available for purchase during show times. For more information, please contact Rebecca Hunt at 633-3571, or Kim Stout at 631-1759.

## Special program to be held at Seventh-day Adventist Church

Children of the Grand Coulee Seventh-day Adventist Church invite the public to their special program, "Go Light Your World." It will be held Saturday, April 29, from 11 a.m. to noon at 103 Continental Heights, Grand Coulee. Lunch will be provided and a free gift bag to all children visitors.

For more information, contact Dr. Brenda Mouzom 423-883-4740 or Jimmy Padgett 509-631-1072.

## Senior meals

**Wed., Apr. 26 - Dinner**  
Cheeseburger, Nick's Homemade Fries, Pea Salad, Applesauce, Rice Krispy Treat  
**Thurs., Apr. 27 - Dinner**  
Cheddar-topped Meatloaf, Potatoes & Gravy, Cheesy Cauliflower, Mixed Fruit, Cook's Choice  
**Fri., April 28 - Breakfast**  
Sausage Links, Eggs, Hashbrowns, Toast, Fruit Bowl,

Orange Juice  
**Mon., May 1 - Breakfast**  
Sausage Patties, Eggs, Pancakes, Fruit Bowl, Orange Juice

## Meetings & Notices

### CHAMBER THIS WEEK

The Grand Coulee Dam Area Chamber of Commerce will meet at noon, this Thursday, April 27, at Siam Palace, Grand Coulee. Guest speaker will be Lisa Conti, from the Wenatchee Costco, to talk about membership (both Executive and GoldStar) and information on Costco business services.

### COULEE CREATORS MEET

Coulee Creators meet every Tuesday 1-4 p.m. at 412 Federal Ave., Grand Coulee. Contact Barb Kelton 509-631-1098, for details. Enter east end of building, push in door knob to release door latch.

### CAREGIVERS SUPPORT GROUP

A caregivers support group meets Mondays at 3:30 p.m. in the Art Room above the Senior Center. For more information contact Betty Brueske at 631-2201.

### TAKING FLAGS FOR DEDICATION

The Isle of Flags is once again taking flags of deceased veterans for the upcoming Memorial Day Dedication at Spring Canyon Cemetery. Call Ben Alling at 509-633-0663 by May 20.

## Legal Notice

### NOTICE OF STATE'S INTENT TO NEGOTIATE LEASES

Department of Natural Resources will begin negotiation of expiring leases with existing lessees on the following parcels. All leases are subject to third party bids by interested parties. Lease terms and bidding information is available by calling the Southeast Region at 1-800-527-3305 or by visiting the Region Office at 713 Bowers Road, Ellensburg, Washington 98926. These leases expire September 30, 2017.

Agriculture Lease	All/Part	Sec	Twp	Rge
12-076636	Part	13	29N	28E
	Part	14	29N	28E
	Part	24	29N	28E
12-081665	Part	27	29N	28E
	All	28	29N	28E
	Part	33	29N	28E
12-C57093	All	16	25N	27E

Written request to lease must be received by May 29, 2017, at the Department of Natural Resources, 713 Bowers Road, Ellensburg, Washington 98926.

Each request to lease must contain a certified check or money order payable to the Department of Natural Resources for the amount of any bonus bid, plus a \$100 deposit. The envelope must be marked "Sealed Bid" and give the lease number, expiration date of lease applied for, and give the applicant's name. The applicant must be prepared to purchase any improvements that belong to the current lessee. For details and qualifications to submit a request, contact the Ellensburg office or call (509) 925-8510.

HILARY FRANZ, Commissioner of Public Lands  
(Publish April 26, 2017)

# Vote for Harvey Moses Jr.

Colville Business Council  
Nespelem District Position #2

Colville Tribal Members:

Hello, my name is Harvey Moses Jr. I am a husband, a father, a grandfather, an honorably discharged Vietnam combat Veteran and a candidate for Council Position #2 in the Nespelem District. If elected I will use my education and successful experience in tribal governmental operations to bring back stability, functionality and a positive workplace for all. I will represent the Nespelem district wholeheartedly, but will likewise represent the Colville Indian Reservation.

I believe there are many areas within our tribal government that need to be addressed. I will look at employing qualified tribal members for key management positions to begin this task. Together as a team the fix will be started and will take time to do right; the process is going to be long and difficult. It will not be quick. It's taken us a while to get to this point and it'll take awhile to turn things around for the good of all, but it can and will be done. With hard work and commitment from all participants, we can do it.

We need to begin planning for our future without federal dollars. The present federal government is going to work very hard to cut funding of our health, education and welfare programs. This funding was promised to us by Treaties and or Executive Orders for the lands taken from us over the past centuries. A good example of the present federal government ignoring their treaty obligations with Native Americans is the actions taken at Standing Rock, North Dakota; we need to stand strong together with one heart and one mind. We need to look at "our" governmental functions to determine what we can do to minimize the forthcoming negative impacts to our government.

I ask for your support in these endeavors by voting in the upcoming election(s). Please vote; it is your right and obligation as a free people.

Thank you,

Harvey Moses Jr.

Paid for by Harvey Moses Jr.

# Raider track team treks to Springdale, Quincy

by Jacob Wagner

The Lake Roosevelt High School track team competed in two events this past week: the Northeast 1B/2B League Meet in Springdale, and the 18th Annual Clifton Larson Allen Invitational.

"The Springdale meet was a learning and training meet," said Head Coach Lori Adkins. "The atmosphere was relaxed and allowed athletes to compete with schools of their same size, and for some, compete in different events than their usual."

The boys set five personal records between them during the event.

"On the boys' side, our athletes came up strong scoring our highest point total of the season," Adkins said.

The girls had their highlights too.

"Keianna Vera again led the girls team, placing in all four of her events," Adkins said. "Marisha Hobrecht added depth, scoring in the shot put."

In Quincy, most schools competing were 1A and 2A, giving the Raiders some good competition.

"The Raiders performed close to their personal-best times, jumps, and distances," Adkins said. "We really had a great day!"

"Keianna Vera managed a season best in the 100 and personal best in the Long Jump continuing a string of standout performances for the girls' team.

The Raiders next track meet takes place on Friday, April 28, in Peshastin for the Rieke Invitational, with the event scheduled to start at 3:30 p.m.

LR long jumper Keianna Vera sails through the air for a personal best in the event at Quincy. — Angie Hunt photo

# Raider baseball record 9-5

by Jacob Wagner

The Lake Roosevelt Raiders baseball team won their last three games to bring their league record to 9-5, the fourth best in the league behind Liberty Bell (10-1), Soap Lake (11-3), and Brewster (12-2).

On April 18 in Pateros, the Raiders scored five runs in the second inning to help with their 11-5 victory over the Billygoats.

"We played well on both sides of the ball," said Head Coach Billy Nicholson. "Nick Baker hit a home run, Tyrell (Kiser) scored three runs. Kolby Picard had 10 (strikeouts). Johnson pitched well in relief."

Six runs in the second inning of the first game of a doubleheader were the deciding factor in the Raiders' 8-2 victory over the Tigers in Tonasket Saturday.

"Picard relieved Kiser and pitched well," Nicholson said. Nichols saved the game. Our defense played well as we turned two double plays in the infield."

The second game in the doubleheader was closer, with the Raiders scoring four runs in the fifth inning, beating out the Tigers' one run in the same inning, the only points scored in the 4-1 Raider win.

"We played a good second game, with Tyrell Kiser and Tony Nichols only giving up one run," Nicholson said. "Darian Lindsey made a nice catch in deep right center to stop a rally. Trevon Johnson started a four-run rally in the top of the fifth with a walk. Kiser, Picard, and Whitelaw all had singles to knock in runs."

The Raiders are winding their regular season down. They played at home against Waterville yesterday, results of which will be printed in next week's Star. Their next games are on Saturday at home against Soap Lake for a doubleheader starting at 11 a.m., and a game in Waterville against the Shockers on Tuesday, May 2 at 4:30 p.m.

# Proctor wins 15/15 Bucking Battle in Tacoma

by Jacob Wagner

Grand Coulee native Shane Proctor won the 15/15 Bucking Battle in Tacoma over the weekend at the Built Ford Tough Tacoma Invitational, earning 93.5 points riding the bull named Pearl Harbor.

The event had the top 15 bull riders in the world riding the top 15 bulls. Proctor took the first place spot, beating out Matt Triplett who had 87.75 points, and ending Pearl Harbor's 14-buckoff streak.

Proctor brought in 150 points toward his world standings from the ride, as well as \$7,500.

In other Proctor news, the park in Grand Coulee on Highway 174 has recently been renamed Shane Proctor Park in honor of him and his accomplishments as a bull rider, which includes going to the Professional Bull Riders World Finals eight times, as well as being the 2011 National Rodeo Cowboys Association's world champion bull rider.

# Golfers finally get to compete; busy week of make-up matches

by Jacob Wagner

The Raiders competed well this week at Desert Canyon, then again at Alta Lake, where Lake Roosevelt was the team medalist, as well as producing the boys' medalist and girls' medalist.

"It was wonderful to finally get a match in!" said Head Coach Steve Files about the Raider golf team's first match of the season at Desert Canyon Golf Resort in Orondo April 18. The start came about a month later than usual due to inclement weather.

"Desert Canyon is a great course, well maintained with spectacular views," Files said. "We drove through a violent storm on our way there, but once we arrived the weather was windy but clear."

The Raiders played nine holes against other golfers from Riverside Christian, Pateros, and Sunnyside Christian.

"Lucas Bird, Derek Whiteman, and Casey Cleveland all played very well in tough conditions,"

# Softball wins three

by Jacob Wagner

The Lady Raiders defeated the Pateros Nannies, then tore up the Tonasket Lady Tigers in both games of a softball doubleheader last week.

In Pateros April 19, the Lady Raiders won 8-5 against the Nannies.

"It was a very tough game for us," said Head Coach Alissa Mansker. "We are not used to a grass infield, which caused a lot of crazy bounces."

Then in Tonasket on Saturday, the Lady Raiders defeated the Lady Tigers 10-1, then 20-10. "We did great at bat and were able to execute great base running, as well," Mansker said.

"Great batting came through in both Pateros and Tonasket," Mansker added. "We had an excellent comeback following our losses to Brewster and Okanogan."

The victories put the Lady Raiders' league win-loss record at 11-2, second in the league, ahead of Liberty Bell (7-3) and behind Brewster (13-0).

The Lady Raiders played Waterville at home yesterday, results of which will be in next week's Star. Their remaining games in the regular season include a doubleheader at home against Soap Lake on Saturday, with the first game scheduled for 11 a.m., then a game in Waterville on Tuesday, May 2 at 4:30 p.m.

Kayla St. Pierre

said Files.

Bird finished with 51 strokes, Whiteman and Cleveland each with 56.

Dylan Steinert finished in 63 strokes, Alan Nordine in 65, Dylan Jenkins in 67, and Hunter Hermetz with 69.

On Monday, the Raiders competed on Alta Lake Golf Course in Pateros. Lake Roosevelt was the team medalist, golfing 18 holes with a 440 total for the top four golfers. Derek Whiteman was the boys' medalist with a 98, and Jazmine Reed the girls' with 72 for nine holes.

Lake Roosevelt's other scores

for the day were: Darin Whiteman 99; Lucas Bird 112; Dylan Steinert 131; and Alan Nordine 140.

From there, the Raiders have a busy week of golf to compensate for the late start to the season. The next matches this week are both at home at Banks Lake Golf Course. On Wednesday at 2:30 p.m., LR plays Pateros and Oroville, and on Friday at 2:30 they play Omak.

Next week, the Raiders will play at Lakewoods Golf Course in Bridgeport on Tuesday, May 2, starting at 2:30 p.m.

# Tall Timbers trip set

by Roger S. Lucas

Some 60 sixth-graders, 50 from Lake Roosevelt and 10 from Nespelem, will get the "Tall Timbers" experience May 17-19 when they head for the outdoor education location near Leavenworth.

Each year, for the past several, Lake Roosevelt and Nespelem sixth-graders have traveled to Tall Timbers, an outdoor recreation/education resort nestled in the mountains about 10 miles out of Leavenworth.

The program there is designed to provide an opportunity for personal growth and team building by participating in a number of outdoor activities.

The experience and outing will cost \$62 per person for lodging and meals with additional costs for some of the activities, plus a T-shirt designed by one of the sixth

graders, Lilly Button.

Activities include the famous, or infamous, zipline, junkyard climb, low ropes, archery, a language course and plenty of other outdoor adventures.

The sixth-grade trip for the two schools is made possible by funding projects undertaken by the sixth-graders, a donation from Grand Coulee Dam PTA, a donation from JOM, a Colville Tribes donation, a Rotary donation and the proceeds from a special dance held earlier this year.

# On honor roll at CWU

Phoenix Shephard was named to the Central Washington University Honor Roll for Winter 2017 term. Shephard is the son of Donna Deckman of Electric City.

# Tennis wins two outings, loses one

by Jacob Wagner

The Lake Roosevelt Raider tennis teams won at home against Entiat, then on the road in Oroville, but then lost against Omak at home last week.

Last Tuesday against Entiat the Raider boys won 5-0, and the girls 3-2.

"We did exceptionally well with only two losses for the whole match," said Head Coach Steve Archer. "The one loss at number-two girls' singles was very close. Alexia (Ryan) won the first set, then dropped the second, which forced a 10-point tiebreaker to decide their match, which she dropped at 10-6."

Bradley Wilder and Aiden Derr both swept their matches, each winning 6-0, 6-0.

In Oroville on Thursday, the boys and girls each won 4-1.

"Oroville was a good win for the boys," Archer said. "Two matches were very close: Cristian Ruiz at number-two singles ... hung on to win in a second-set tiebreaker, and our number-one doubles team of Will Friedlander and Malcolm Carson ... came back from dropping the first set, then winning the second, easily forcing a 10-point tiebreaker to decide the match."

For the girls, Rylee Pitner had a close match in number-one singles. She won her first set 6-1, but dropped the second 6-4. The 10-point tiebreaker went back and forth as Pitner tied it up at 10-10, but lost 12-10.

And against Omak on Friday at home, the boys lost 1-4, and the girls 2-3.

"Our girls did much better against the Omak team this time around, marking up two wins," Archer said. "Shay (Schilling) and Mary

(Clark) at number-two doubles was a long back-and-forth match."

Instead of a tiebreaker, the girls played a complete third set, which they won 6-2.

"Both girls came off the court tired, having given their all on the court," Archer said. "They left it all out there. It was a good win."

Will Friedlander and Malcolm Carson had the only win for the boys at the number-one doubles spot. "They are beginning to click and should continue to improve with their strokes and their strategy," Archer said.

The tennis team played at home against Liberty Bell yesterday, results of which will be in next week's Star.

Their next match is on Thursday, April 27, in Okanogan at 4 p.m.

## Relax with BudgetPay

**BudgetPay**, our level-billing program, evens out the seasonal peaks and valleys of your monthly power bills. BudgetPay is easier because your Grant PUD bills remain the same for 12 months. ## Childfind Screening Applications Available At School District Office

Birth to age five preschool children not currently enrolled in the Grand Coulee Dam School District may be eligible for a free developmental screening. Interested parents should request forms for a developmental screening and health inventory from the School District Office. It is especially important for a parent to complete the forms if they think their child may be developmentally delayed, i.e. be in need of occupational/physical or speech therapy, or other possible health problems that may impede a child from being ready for learning. Completed forms need to be returned to the District Office.

Completed forms submitted by parents/guardians will be reviewed and a determination will be made as to whether the child needs to be scheduled for additional Childfind Screening and/or assessments.

Parents/guardians will be notified of results of the developmental screening as soon as possible. Parents/guardians of children considered in need of additional services will be notified to schedule further assessments.

To request developmental screenings and health inventory forms please call Lyndsey Mays at 633-2143 Monday-Thursday from 7:30 a.m. to 4:00 p.m.

## Personal

### In Memory of Chris Johnson

It has been a year since we lost Boo Boo, my dear nephew, who I adored so much. I taught him how to play ball and took him to his first day of kindergarten.

Chris was a very good guy, friend, and I always felt safe when I was with him. Chris would look out for you and take care of others. We would sit for hours talking and laughing. Things aren't the same with him gone.

I've been struggling painfully with my grief because I wasn't able to properly say goodbye and attend his service. Family kept me away. I wanted to be there so badly.

Thanks to all his friends that did go and said nice things. Chris would have loved that. "I shed a tear cuz I'm missing you; I'm alright to smile." Peace is with you. You are with Peace. I love you dear one. See ya later.

Glenda Hensley Logue

# REQUEST FOR PROPOSALS (RFP) ELECTRIC CITY PARKS PROJECT GRAND AVE & MCNETT AVE PARKS Proposals Due: MAY 17, 2017

The City of Electric City ("City") is soliciting proposals from qualified consulting firms to provide professional services for design and construction engineering services for the Electric City Grand Ave & McNett Ave park projects.

Five (5) copies of the proposal package must be submitted on or before 5:00 p.m. on Friday May 17, 2017. They can be mailed to the City of Electric City, PO Box 130, Electric City, WA 99123 or dropped off at city hall, located at 10 Western Ave., Electric City, WA.

Proposals shall be sent in a sealed envelope and clearly marked: "Proposal – Electric City Parks Project" in the lower left corner. Questions regarding this solicitation should be directed to Russ Powers, City Clerk/Treasurer, by email only at [electriccity@hometn.net](mailto:electriccity@hometn.net). For complete RFP please go to [www.electriccity.us](http://www.electriccity.us) and click on Request For Proposals.

For specific instructions on information to include in the proposal, refer to the section below entitled Proposal Elements. Evaluation of the proposals and ultimate consultant selection is identified in the section entitled Selection Process and Evaluation Criteria below.

## PROJECT DESCRIPTION

The City of Electric City (City) is in the midst of developing two (2) Ice Age themed municipal parks. The parks will be an integral part of Electric City's Parks and Recreation Plan to be adopted in 2017. A preliminary concept for the parks was established by community involvement and WSU RCDI (Rural Communities Design Initiative) and approved by the City Council accordingly. The two parks are located at Grand Ave & Kent Ave and McNett Ave & Western Ave. The City will be seeking funding from

the RCO (Recreation and Conservation Office) during the 2018 grant cycle.

The project is summarized as follows: The project includes the construction of two Ice Age themed parks including: Crosswalks, sidewalks, trees, potted plants, public restrooms, shade structures, retaining walls, playground equipment, a water splashpad, basketball court, climbing wall, BBQ pit, irrigation system, fencing and general landscape features. The anticipated start of construction for the projects is 2019.

## SCOPE OF WORK

The Scope of Work will include, at a minimum, the following elements:

- Preliminary Design – The Consultant will create and submit preliminary design and engineering plans including Ice Age themed elements for review and revision.
- Detailed Design – The Consultant will prepare plans, specifications, construction cost estimates, surveys, and any final construction documents.
- Provide support and information required for preparation of applications for funding through the Recreation Conservation Office and other potential sources.

Russell Powers, Clerk/Treasurer  
(Publish April 26, 2017 and May 3, 2017)

**DIRECTOR OF PHARMACY**

Lake Roosevelt Community Health Centers is currently seeking a full-time Director of Pharmacy to serve in both the Inchelium and Keller facilities. Responsible for the provision of a full range of clinical pharmacy services in an ambulatory care setting.

Must comply with federal, state, and local laws and regulations. Be currently licensed as a Registered Pharmacist in the State of Washington and have two years' experience.

Salary is DOE including benefits package.

If interested in applying, please contact Stefanie Lelone at 509-722-7686 or email [stef.lelone@colvilletribes.com](mailto:stef.lelone@colvilletribes.com).

The Grand Coulee Dam School District has openings for the following positions:

**Secondary Career Technical Education (CTE) Teacher**  
Position open until filled.

**Secondary Foods and Related Culinary Arts/Business Administration and Management/ Hospitality and Tourism/ Career Choices(CTE) Teacher**  
Please apply on or before May 4, 2017.

To see the job specifics and apply please go to this website: <https://grandcoulee.tedk12.com/hire/index.aspx>

**Check Us Out Online**  
[grandcoulee.com](http://grandcoulee.com)

PA OR MA/LPN @ ORTHO CLINIC

Visit [www.mvhealth.org](http://www.mvhealth.org) to view these openings. Interested candidates can submit an application online and attach a cover letter and resumé.

For further information please contact the Human Resources department at 509-826-7646.

## MA, LPN, RN

CMC is seeking a MA, LPN, or RN to work in our clinic. This position performs essential tasks, such as patient intake, including vital signs and medication review; performs a variety of patient care tasks, such as EKGs and PFTs. In addition, this position will work as a medical scribe to accurately and thoroughly document medical visits and procedures as they are performed by the provider. Must have good computer skills, a good understanding of medical terminology, anatomy and physiology, diagnostic procedures and excellent customer service skills. Must have current MA, LPN or RN license in Washington state and current BLS training. One-year experience in clinic practice setting preferred. Willing to train the right candidate.

## Dietary Specialist

The Dietary Services Specialist supports the continuum of patient care and quality of service at Coulee Medical Center by preparing, delivering and distributing food and beverages for patients, residents, staff and visitors while maintaining a safe and sanitary work environment. The Dietary Services Specialist is expected to maintain professionalism and frequently works under minimal supervision. Successful candidates will possess an enthusiastic and willing attitude working as a contributing member of the dietary team. Current State Food & Beverage Service Worker's Permit is required. CMC will help candidates obtain permit if selected.

## Housekeeper - Per Diem

This per diem position performs various housekeeping, cleaning and laundry duties to maintain cleanliness throughout the facility. Duties include dry and damp mopping floors, vacuuming rugs and carpets, dusting and sanitizing surfaces in clinical work areas, offices, hallways, restrooms and patient rooms to ensure a clean environment. Additionally, the Environmental Services Technician supports patient care by cleaning and servicing all linens/laundry, moving supplies in and around the department, and keeping work areas organized and clutter free. Prior institutional cleaning and/or laundry experience helpful, but not required. Ability to pass a basic skills test required.

## Switchboard Operator

This full-time position will acknowledge and assist all visitors presenting to the hospital front desk. Main duties for this position will be to answer and route calls appropriately, sort and deliver all CMC mail and prepare outgoing mail, make post office and bank runs as needed, maintain petty cash for the front desk and back up Registration Specialists. High school graduate, one year in a medical setting and excellent customer service skills required. Good computer skills preferred. Must be able to perform multiple activities and work as part of a team in a very fast paced environment.

# Coulee Cops

Compiled from police files

of being in possession of another person's bank card will be added.

- A woman on Sunset in Electric City told police that her car was stalled and a well-dressed man had assisted her. She later realized that her wallet was missing, but she wasn't sure whether the man had taken the wallet or she just misplaced it.

- An official from the Liquor Control Board was involved in an issue where a bartender was cited for serving a minor.

4/19 - A person on Young Street gave police a description of a man who was walking around a shed. Police found the man and questioned him but didn't cite him.

- A Nespelem man was cited for not having up-to-date plates on the vehicle he was driving.

4/20 - A resident of Coulee Boulevard West in Electric City was advised to keep his animals inside so city workers could read the meter.

- Child Protective Services asked police to accompany them as they checked on a woman and her child residing on Burdin Boulevard.

4/21 - The manager at Grand Coulee Apartments reported to police that someone had taken off with a riding lawnmower. He will try to get the model number for police.

- Boys seen throwing rocks through a window at Center School were contacted by police and then turned over to their parents. The one throwing the rock said that the window was already broken and he was trying to throw the rock through the hole.

- A Hill Avenue woman was cited for expired tabs after being stopped at Federal and SR-155.

4/22 - A 43-year-old man on Burdin Boulevard was arrested for assault, domestic violence in the fourth degree after allegedly pushing his mother. She asked that he receive an evaluation after his release from Grant County jail, where officers took him. She also asked officers to place a no-contact order on the son until he receives the evaluation.

4/23 - A man told police that

someone without insurance had backed into him at a coffee stand. The man was advised to access the Washington State Patrol website and fill out the proper report.

- An abandoned vehicle blocking Alcan Road was removed by a wrecker.

4/24 - Two vehicles were marked for removal by police. One vehicle was on Spokane Way, the other on Hill Avenue.

- A man with a middle-eastern accent told police that he was the grandson of a woman living on Electric Boulevard in Electric City and that he wanted them to check on her. Police knew that the woman in question had been the victim of a scam and so checked with another relative to see if the "grandson" was legitimate. The relative told police that the woman didn't have a grandson by that name. Police told the man to quit trying to call her.

- A driver was stopped because his headlamps were not working;

police found that his license was not valid. He was cited and a license driver showed up to take charge of the vehicle.

## Coulee Dam Police

4/18 - The driver of a pickup was reported as spinning brodies on the high school football field. The responding officer pulled over the suspect vehicle and found an 82-year-old driver who thought he was having a heart attack and his surgically implanted heart defibrillator was shocking him repeatedly. The officer called for an ambulance.

4/21 - Children told police that they thought they were being chased by a man near the town shop on Stevens Avenue. The officer knew the man to be a tribal detective, and he was told the detective was just seeking a motel room.

## Grand Coulee Police

4/16 - USBR Plant Protection reported an alarm at the 500 KV switchyard station. The officer recorded that there were a number of tumbleweeds against the fence.

- A man at Spring Canyon Apartments told police that he had left one apartment and entered another, where three males holding knives stood up and looked at him. He told police that he took off running. He provided officers with the identification of some of the three.

4/17 - A man on Young Street told police that a car had been stolen off his trailer during the early morning hours.

- Officials at the Grand Coulee Library advised police that they had found a large hunting knife at the library. An officer took the knife and placed it in lost and found.

- Police were called to a house on Burdin Boulevard in regard to a woman concerned about her son having some sort of breakdown. Police found the boy in his bedroom wrapped in a blanket and praying. Police left.

- A school employee reported to police that someone had torn a piece of plywood off Center School and entered the building.

4/18 - A man known to have a warrant for his arrest was stopped near the Banks Lake Pub in Electric City. While searching him, the officer found a bank card with another person's name on it. The officer conferred with the card's owner, who was incarcerated at the time, who said the person shouldn't have the card. The man was taken to Grant County jail on the warrant, and a charge

# We Care for You

At CMC, our entire team is on a mission: to give you the best care possible. Our team includes:

Roy Myers, M.D.  
Family Practice

Dr. Myers was born in Richland, Washington, and grew up in Eastern Washington. Dr. Myers joined the Coulee Medical Center team in December of 2016, coming to us from Indian Health Services in Nespelem.

He attended the University of Colorado School of Medicine, where he earned his doctor of medicine degree in 1994.

Dr. Myers completed his Family Practice Residency at the Trover Clinic in Madisonville, Kentucky.

Dr. Myers is board certified.
